

2013 OSU Materials Week: Call for Posters

Student Poster Sessions

Wednesday, May 8 and Thursday, May 9

All OSU students and postdoctoral researchers are welcome to contribute posters to the 2013 OSU Materials Week Student Poster Sessions on Wednesday, May 8 and Thursday, May 9, 2013.

Posters can relate to research conducted in any topic relevant to materials-allied research. Two poster sessions will be held on May 8 and 9 on the Ohio Union Patio, and students will be assigned to present at one of these two sessions.

All students must be present at their assigned Student Poster Session between 5:00 and 7:00 p.m. to discuss their research. Awards will be given to the top posters. Postdoctoral Researchers are invited to present a poster, but are not eligible for awards and will not be formally judged. If you are a post doctoral researcher and are interested in being a judge for one of the poster sessions, please contact Michelle McCombs at mccombs.75@osu.edu. Please note, that even if you judge, you are still eligible to present a poster on the night that you do not judge.

Poster Submissions

Posters can be submitted during the online registration process for 2013 OSU Materials Week. To register a poster for a Student Poster Session, visit IMR's website (imr.osu.edu) to link to the registration site, register for the event, check the box indicating you will present a poster, and type the poster title in the appropriate space. Each poster should be assigned to one of the topic areas below at the time of registration:

- Bio-based and Biological Materials
- Characterization
- Computational Modeling
- Electronic, Magnetic and Molecular Materials
- Energy, Environment and Power
- Nanoelectronics and Nanophotonics
- Structural Materials
- Synthesis
- Other

Register for Materials Week online at: <http://www.walcom.com/imr/>

*Please note: you must include your poster title at the time of your registration online. You can upload your brief (200 word maximum) poster abstract online at that time, or any time before **April 8th**. At least one week before the event, you will be contacted with your scheduled Student Poster Session day and time.*

2013 OSU Materials Week is brought to you by the
Institute for Materials Research and the Center for Emergent Materials.

Abstract Content

Poster abstracts can be submitted online through a link on the Materials Week registration page online. Poster abstracts should include:

- Poster title
- Authors' names
- Presenter's name and department
- Advisors' names
- A brief (200 word maximum) description of the research conducted

The information submitted will be used in the published poster session guides distributed to judges and all guests at the event.

Poster Guidelines

Posters should be:

- brief and clearly organized
- simple, with an obvious theme
- easy to read from 4 to 6 feet away

Poster Dimensions

- All posters must fit into a 36" x 48" space
- Posters **must be in landscape (horizontal)** orientation
- Posters should not be mounted on foam core
- T-pins will be provided to display your poster

Poster Set up and Removal

- Set up for the Materials Week Poster Session is between 3:00 and 5:00 p.m. at the Ohio Union Patio on your assigned date.
- All students must be present at their Student Poster Session between 5:00 and 7:00 p.m. to discuss their research.
- Posters must be removed immediately after the poster session at 7:00 p.m.

Please call Center for Emergent Materials **Program Manager, Michelle McCombs**, at 614-247-8084 or mccombs.75@osu.edu with any questions.

For **more** information about 2013 OSU Materials Week, including an updated conference agenda, visit our website at <http://www.imr.osu.edu/>.
